

## Our School Rules

These are rules for every child and adult in our school. They go alongside our mission statement to help us to be a safe and happy place where we can all learn.

We will:

-  Look after our school environment and keep it clean and healthy
-  Use polite and positive language when talking to everyone
-  Use kind actions at all times
-  Listen to instructions and the opinions of others
-  Help everyone to feel included
-  Always represent our school positively
-  Show respect by treating other people as they would like to be treated

These rules were written using the Key Stage 2 School Council ideas in June 2013
