SHEPHERDS ON THE HILLSIDE

Shepherds on the hillside fast asleep,
You're gonna have to leave your sheep.
Shepherds on the hillside fast asleep,
You're gonna have to leave your sheep.
But don't get cross, don't make a fuss.
Leave your sleepy sheepies and come with us.

Shepherds on the hillside, don't delay,
You're gonna be the first to say,
Shepherds on the hillside, don't delay,
You're gonna be the first to say,
The world that was has gone because
A tiny little baby has been born from God.

Come into the stable down in Bethlehem.
Come and see the baby down in Bethlehem.
Come into the stable down in Bethlehem.
Come and see the baby down in Bethlehem.

Shepherds on the hillside fast asleep,
You're gonna have to leave your sheep.
Shepherds on the hillside fast asleep,
You're gonna have to leave your sheep.
But don't get cross, don't make a fuss.
Leave your sleepy sheepies and come with us.

Leave your sleepy sheepies and come with us.
