PE & Sport Premium Funding Statement for 2024-2025

We received £19,266 from the Government in the financial year 2024 -2025 to promote physical education and sport in school.

We used this money to further extend provision within the four aims of the PE curriculum to ensure that all children:

- Develop competence to excel in a broad range of physical activities including a range of after school clubs;
- Are physically active for sustained periods of time;
- Engage in competitive sports and activities;
- Lead healthy, active lives.

At St Mary and St John, we use this money in a variety of ways. We are lucky to have a strong and committed staff team, who understand their role in raising the profile of sports and healthy living. We embedded some of the provisions outlined below into our budget planning with the aim of sustainability in future years.
